PROFILE

Fond of computer programming, I am a young and open-minded web developer looking for a back/front-end job (ideally remote). Motivated and curious, I am interested in any opportunity that allows me to put my skills and knowledge into action while still learning.

PROFESSIONAL EXPERIENCE

From Sept.
2022 to Oct.
2022

Web Developer (internship) ADENÜM

Development and maintenance of the delegative democracy platform *Agora Ex Machina*. **PHP** with **Symfony**, and **HTML/CSS/Javascript, BootStrap, jQuery, MySQL**. Reworking the voting system, implementing AJAX...

2022

Computing projects ENI Ecole Informatique

Online

- Development of an auction website, with **Java EE** and **SQL Server** : layered web application.

- Development of an event planning/inscription platform for students, with **PHP/Symfony** and **MySQL**.

EDUCATION

2022

Web / Mobile Web Developer ENI Ecole Informatique

Professional title, equivalent to a Diploma of Higher Education (Bac+2)

From 2018 to
2020

Master in English Studies (Bac+5) University Bordeaux Montaigne

Research essay : "A predictable machine uprising? Artificial Intelligence in American Science Fiction Films".
